SUMMARY

Motivated Software Engineer with a Bachelor's degree in Software Engineering and hands-on experience in Web Development. Proficient in ASP.NET, C#, SQL, Python, HTML, CSS, and JavaScript. Experienced in designing, developing, testing, and maintaining web applications and database-driven systems. Strong problem-solving abilities with a passion for creating efficient and user-friendly software solutions.

SKILLS

Microsoft Office	ASP.NET MVC	OOP	CRUD operation
Google Sheets	C#	Adobe Illustrator	SDLC
Corel Draw	C++	Canva	Bootstrap
SQL Server	Database Design	Poster Wall	Python
.Net Framework	Visual Studio	GitHub	Java
API integration	Microsoft Project	Adobe XD	JavaScript
Back-End Development	Microsoft Visio	CSS3	HTML5
Front-End Development	Requirement Analysis	Database Administrator	Responsive web Design

CORE COMPETENCIES

Analytical & Problem solving	Reporting & Dashboards	Database Management	Process Optimization
Creative Thinker	Quality Assurance	Waterfall Model	Agile Methodology
Scrum Model	Software Design	Software Testing	Presentation & Communication

PROJECTS

- **Online Hospital Management System (Final Year Project)**
 - Developed a web-based Hospital Management System using **ASP.NET, C#, SQL Server, HTML, CSS, and JavaScript**.
 - Designed and implemented modules for patient registration, doctor management, appointment scheduling, billing, and medical records management.
 - Developed secure login and role-based access for administrators, doctors, and patients.
 - Integrated SQL Server database for efficient storage, retrieval, and management of hospital data.
 - Implemented CRUD operations to manage patient records, appointments, and staff information.
 - Created a responsive and user-friendly interface to improve hospital administration and patient services.
- **Employee Management System**
 - Developed a web-based application for managing employee records and organizational data.
 - Implemented CRUD operations and database integration.

- **Student Management System**
 - Developed using C#, ASP.NET, and SQL Server.
 - Created a database-driven system to store, manage, and retrieve student information efficiently.
- **Library Management System**
 - Designed a system to manage book records, borrowing details, and return tracking.
- **Login Authentication System**
 - Developed a basic user authentication system with username and password validation.

EXPERIENCE

- **Self-Employed Web Developer** (February 2026 – Present)
 - Developed and maintained responsive websites and web applications using **ASP.NET, C#, HTML, CSS, JavaScript, and SQL Server**.
 - Designed and managed databases, implementing **CRUD operations** and data-driven functionalities.
 - Tested, debugged, and optimized web applications to improve performance and user experience.
 - Implemented secure user authentication and role-based access control features.
 - Collaborated with clients to deliver customized, scalable, and user-friendly web solutions.
- **Database Coordinator - Standard Group of Colleges** (Jan 2025 – Jan 2026)

Focuses on workflow optimization and technical enablement.

 - **Optimized database** organization and **office record systems**, ensuring 100% compliance with data management standards.
 - Developed **analytical reports** and managed critical administrative documentation for Database Coordination and Management System projects.
 - Administered technical support for hardware and software systems.
 - Championed **cross-departmental communication**, aligning diverse teams to support operational goals.
- **Web Development Intern (Remote) - Digital Nexus** (Jul 2024 - Dec 2024)
 - **Developed and maintained** 15+ responsive web applications using **ASP.NET Core, C#, HTML5, CSS3, and JavaScript**, improving cross-browser compatibility by 25%.
 - **Architected and managed** relational databases in **SQL Server**, writing optimized T-SQL queries and stored procedures that reduced page data-load latency by 30%.
 - **Tested, debugged, and optimized** legacy backend code, resolving critical bottlenecks and elevating overall application uptime to 99.9%.
 - **Engineered secure user authentication** and Role-Based Access Control (RBAC) using **ASP.NET Identity** and JWT tokens to safeguard sensitive client data.
 - **Collaborated within an Agile/Scrum team** of 6 to deliver scalable, high-quality software solutions, consistently meeting 100% of sprint deadlines.
- **Web Development Intern (Remote) - Techno Hacks Int** (Jan 2024 - Jun 2024)
 - Developed web applications and software projects using HTML, CSS, JavaScript, and Python.

- Created and tested multiple projects including Employee Management System and Login System.
 - Performed debugging and application testing to improve functionality.
 - Applied software development best practices and coding standards.
- **Web Development Intern (Remote) - Cod Soft Int** (Jul 2023 – Dec 2023)
- Developed web-based applications and management systems.
 - Built Student Management System and Library Management System projects.
 - Designed user-friendly interfaces and implemented application functionality.
 - Participated in project testing and documentation.
- **IT support Administrator - Al Maidah Restaurant** (Jul 2020 – Jun 2021)
- Improved staff productivity by proactively managed and monitored network performance using tools like **Nagios**, to Minimized downtime.
 - Ensure 100% Data Integrity by Executed daily and weekly system maintenance, applied critical software patches, and performed secure data backups using protocols like **AWS Backup**.
 - Provided IT support for hardware, software, and network issues to staff.

EDUCATION:

B.S (Software Engineering) Comsats University Islamabad – Pakistan (Sep 2023)

COURSES:

TITLE	PERIOD	INSTITUTE
Web Development	March 24-April 24	E-Rising
Freelancing & Instant skill	Jan 24-Feb 24	LWE
Freelancing	Jun 21-Sep21	Digi skills
Graphical Design	Jun21-Sep 21	Digi skills
Quick Books	Nov 23-Feb 24	Digi skills
Digital Literacy	Oct 21- Dec 21	Digi skills
MS Office Suit	July 18-01 Oct	VTI

PERSONAL INFORMATION:

DOB : 05-Jul-2001
 Nationality : Pakistani
 Passport No : DK3173542 Validity Aug 2033
 Visa Status : Sponsor Visa Validity=Mar 2028

LANGUAGES:

- English (Proficient)
- Urdu (Fluent)
